

Keystone Candle Fundraiser

Sale runs September 1 through September 30, 2019

We are selling Keystone candles! We are offering a variety of scents and sizes. The candles can be purchased in two different candle sizes: 26oz. for \$15 or 64oz. for \$25

All proceeds from this event go to Joshua's Future Of Promises!
in honor of Josh Scoble.

Joshua Scoble is a 13-year-old little boy who was born with a disorder called FOP (Fibrodysplasia ossificans progressiva). FOP is a rare genetic disorder that affects 700 people WORLD WIDE. When you have FOP your muscles turn to bone, and that bone then will attach to any existing bone. This causes joints to lock or freeze up leaving Joshua unable to bend at his joints. In 2007, researchers were able to identify the gene that causes FOP. In 2011, researchers announced that they now have two potential drugs to help treat/cure FOP! 2017...Joshua continues his involvement in clinical trials which began in the August of 2015. Joshua was one of the first 3 children to enroll. With the help of funding a cure is within reach!

**All orders must be paid in full when the order is placed. All orders must be submitted on/before September 30, 2019!
